## Promote Or Resell From The We All Send Cards Range Of Greeting Cards

- The ethos of We All Send Cards is for us to use our revenue to benefit the We All Send Cards members and their local community rather than giving advertising revenue to Big Tech such as Facebook, Google and Microsoft to advertise our services.
- As with most businesses we need to advertise to generate new customers, but we would rather get our members to do this for us and pay them for their support in our mutual success.
- We can provide a link builder tool to showcase different cards of your choice. If anyone clicks the link we help you create, and they register with your ID, you can earn 25p per card they buy, forever, without any sort of outlay.
- You can also buy our cards at a massive discount, and sell them at higher prices to make a profit. You can even sell the card first, and then buy it to give to your customer. There are lots of ways of making 100% + profit on cards that you sell from our range without a considerable outlay.

## Referring People You Know

- When you register as a member of [weallsendcards.com](https://weallsendcards.com) we will give you a member id, ie 1234.
- When a new customer registers and enters your member id, they will get either 50p off their first 5 card purchases, or 50p off all of their card purchases during the first 30 days of membership.
- You will get 25p for each card they purchase for life, which you can withdraw once you have accumulated £5, or use to pay for any card purchases you make. You can also convert your 25p payments into 50p discounts should you wish.
- There are great reasons for customers to buy from us, and for you to promote us including our competitive pricing, huge range of cards, discounts, environmental considerations, an ethos to help ordinary people, fast delivery, high quality cards and more.
- You can build links using our tools to share specific cards with people to capture their interest, or use this brochure should they want to earn money too.

## Reselling Our Cards

- Many of our cards are available for resellers to resell.
- This can be done in a multitude of ways, such as online, to friends and family, at craft fairs, on Facebook, Etsy etc, in Galleries, shops, and more.
- To get started as a We All Send Cards reseller, you need to purchase 12 wholesale priced cards. Typically the wholesale price of cards start as low as £1.10 (the price varies from card to card), and can be sold at whatever price you like. Cards are sold on the website to the public for up to £3.29 + 85p postage, so there are good margins to be made.
- Once you have purchased 12, you can continue to qualify for wholesale pricing as long as you have purchased 12 wholesale priced cards in the last 30 days, including the order you are making. If you stop qualifying, then don't worry – just purchase an additional 12 cards again.
- As long as you qualify, there is no minimum order after the first 12, and we can send to any address. There is however a 25p per card surcharge when you order less than 10 to the same address.
- All cards come with an envelope and biodegradable cellophane bag included in the price where required.

# Hints and Tips

- Our cards are printed on commercial print presses and are of the highest quality. They are despatched the same day if ordered before 1pm Monday to Friday. Customers will receive their orders quickly. Cards are always printed fresh to order!
- We have a huge range of artistic, photographic and digitally designed cards of different sizes, all of which can be personalised if required.
- We can send direct to you, your customer, or the person who the card is being purchased for (ie birthday boy).
- There is nothing stopping you creating your own card designs and selling these too. These can be printed for as low as £1 each.
- Not everyone wants to buy online. Take orders face to face (social distancing where appropriate) or over the phone.
- Sharing links is easy, but please don't spam your links or post in places which are not appropriate. Share your links with people you know.
- Not sure about our reputation, or the quality of our cards? Well, just order one, and see. This has the potential for you to earn good money if you put the effort in, especially as those you refer or resell to grows.
- We also pay back 50% of our profits in the form of revenue share, where those who help us grow including referrers, resellers and designers as well as customers can all share in our profits based on their activity once per quarter.
